GENERAL NEWS

The Carmangay B E S L are sponsoring a minstrel show on Nov. 11 in the Carmangay Community Hall.

Little is ever heard of the work of these old soldiers but frankly we were surprised to hear from one of Carmangay's leading enthusiasts just what the veteran is doing for the new soldier. This is of course a Dominion wide drive to help our boys that are overseas. With their experience in the last major conflict they are in a position to know best the comforts of home that will be in demand.

This program is certainly worth the small admission price set and beside who would turn down a chance to see, much less to hear, such comedians as are taking part in the program. The grapevins tells us that Fred Whitmarsh, W. Daymond, C. F. S. Collier, J. Davey Sr., W. Honeyman, G. Burns, S. McKay, J. Tyson and J. Hudka are the star performers.

Just imagine these boys of the last Big Scap, dressed and colored as southern coons matching wits in darky humor and melody. Yes your side are aching already.

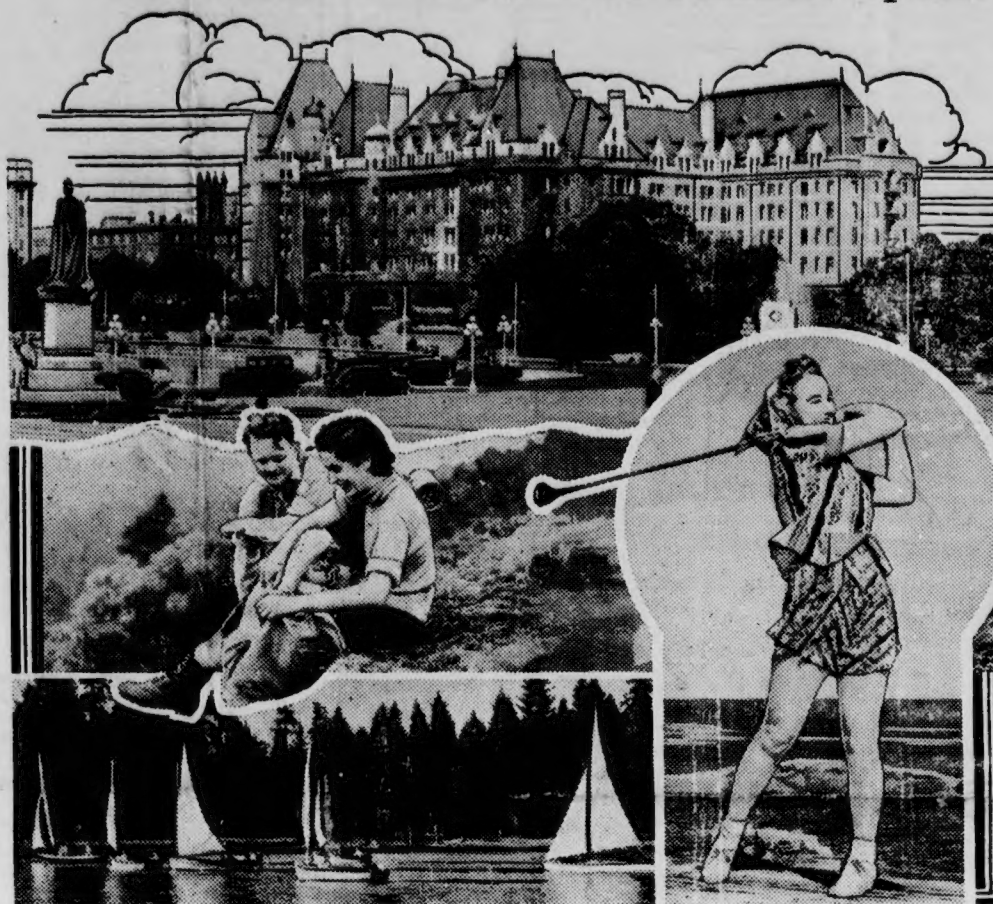

We will be seeing you there to help "The Old Soldier Help The New" and join in the dance afterward.

The Cleverville Oldtimers enjoyed a good old fashioned get together on Friday last. A spicy program of local talent entertained in the fore part of the evening after the business session. The floor was then cleared for dancing until midnight. The pioneers then retired to the basement where they sat down to a lovely supper after which dancing was resumed.

Ed. Note— These old timers can take it too. They were still going strong when the local young fry returned from a dance in Vulcan.

Tickets are now on sale for the Grand Military Ball to be held in Vulcan on the 11th of November. This Ball is sponsored by the A. Coy. 2nd Battalion Calgary Highlanders N. P. A. M. (your local unit) Those interested may procure their tickets in advance from members of the local I. O. D. E

Victoria Is Popular In The Winter For Warm Weather And Summer Sports

Canada has an evergreen playground where snow is an ephemeral novelty, flowers bloom every month of the year and even in mid-winter the day's recreation can include yachting, tennis, hiking, lawn bowling, fishing or a round of golf over the fast, green fairways of any of a half dozen outstanding courses.

Victoria, centre of this beautiful British Columbia evergreen playground, has become in recent years an outstanding Canadian "winter" resort; this year it seems to be on the verge of its busiest season with international exchange offering Americans an attractive financial inducement of

ten per cent on their dollar, while Canadian lovers of mild weather will find that Vancouver Island has the only resort of this kind on the continent which they can visit now that holiday trips to the United States have been banned.

The main competitive sports event of the season is the Empress Winter Golf Tournament which is held on well trimmed grassy fairways and greens at a time when other Canadian courses are several feet under the snow-drifts. This year's tournament, the 13th annual, will be held on the Oak Bay course, March 9 to 15. The outstanding social event of the season is Christmas at the

Empress Hotel where Canada's most-English city celebrates with the time-honored boar's head, yule logs, wassail bowl and carols.

The contrast between Victoria and the rest of Canada in winter-time is particularly marked after a train trip through the Canadian Rockies, then at their loveliest in a mantle of ice and snow. Vancouver Island produces such rarities—rarities to the rest of Canada, that is—as strawberries in December, salmon fishing all winter long, new-born lambs in January and roses in February.

The pictures above show the Empress Hotel, and typical "winter" scenes, hiking, golfing and yachting.

Madeline Carrol visited Calgary last week and was given a royal welcome—you can imagine how she felt—Let your imagination run a little wilder and imagine how Geo Campbell felt when Madeline called him personally by long distance on Friday and invited him to join their party enroute to Regina where she will attend the World Premiere of "North West Mounted Police". Mr. Campbell took the call casually and told Miss Carrol that he was delighted she called and thanked her for the invitation but found it impossible for him to leave at the present time.

On Saturday evening the teachers of the Champion Staff entertained at the home of Mrs. Farries, complementary to Miss Helen Holm. The evening was spent at bridge. The guest of honor was presented with a table lamp, the presentation being made by Mr. Farries, who referred to the fine happy years of association with Miss Holm on the Champion Staff the general regret caused by her registration.

The third meeting of the Carmangay Young Peoples Group, newly named the Victory Club, was opened in

the Community Hall on Tuesday Oct. 22 by singing of "There'll Always Be An England"

Following the business meeting during which executives were chosen and it was decided to begin work immediately on a three Act play. The Educational committee took over and the group was treated to an interesting reading by Miss Gladys Lawrence on "The German Threat in South America". A Geography Quiz on Canada in which the whole group took part was thoroughly enjoyed.

Games and contests with a half hour of dancing brought the evening to a close.

Good Work Girls

The publisher of The Chronicle was so pleased to hear of the organization of a junior I. O. D. E. and we shall be looking for worth while activities from this young organization.

If the list of officers as published in a recent issue has anything to do with the trend of thought of the girls we feel that our estimate of the worth of this organization will be correct. Selection of good officers is most important.

There was never a time when the opportunity for service was greater for the women of Canada. There are so many ways in which those on the home front can be of help. All the ladies do not need to knit or sew to be of service to the country. No they can collect literature to be sent to the boys who are in the camps, they can aid in local patriotic efforts and in a hundred and one ways help without actually spending much money or effort.

Knowing the young ladies of Champion as we do we feel thanks are due Mrs Freeze and others who assisted in organizing the group. An unlimited source of energy has been harnessed and if properly guided, as we know it will, real results will be achieved.

Needless to say The Chronicle stands back of these young ladies in their efforts, and will assist them in every way possible to keep before the public eye their program.

The annual drive of the Canadian Red Cross is now in full swing. Their object is \$5,900,000 to carry on war work. If the question arises where is the money going, and for what purpose is it to be used. One could answer quite easily. Besides the regular work of the Red Cross they send food and clothing to the British and Canadian prisoners of War in Germany and take care of the victims of bomb blasted London.

The Red Cross offer definite proof of these parcels reaching the prisoners in Germany by a system of signed cards, i.e. when a parcel is delivered to a prisoner he signs for same and the card is returned to Red Cross headquarters in London.

When your easy chair and evening newspaper or book invite you to rest and relax will you really enjoy them? Or will your eyes soon tire and ache? They won't if the light is "Conditioned" for Easy Seeing.

With "Conditioned Light" there are no harsh glares or sharp contrasts anywhere in the room. Though soft, it still places on the pages sufficient illumination to enable you to see the type clearly even after hours of reading. Your dealer has lamps that provide such illumination. A CHALLENGE TO CANADIANS

EMERGENCY CALL!

From the shores of our Motherland comes an appeal for help which no true Canadian can fail to heed. While we live in comfort, death drops on that embattled island. The need for Red Cross assistance is urgent. Our sons and brothers are over there. On land, at sea, in the air, they face death daily. We must be prepared to help them when they are sick or wounded.

Red Cross help is needed on behalf of soldier and civilian alike. Hospitals and hospital equipment, surgical supplies and dressings, ambulances and X-Ray equipment will be needed. Overnight the need may become so urgent that lives may be sacrificed if help cannot be sent at once.

Never before has there been so great a need for Red Cross assistance. This challenge to humanity must be answered. Give to the Red Cross. Give to the utmost NOW!

Short articles will appear under the above heading in this and other weekly papers once every two weeks. The agricultural publication, "Seedtime and Harvest," is already familiar to many farmers and others in the prairie provinces. These fortnightly articles will, we hope, serve as a useful supplement to the larger publication which appears only twice each year.

Our purpose is to stimulate interest in, and discussion of, various problems involved in the production of field crops not only among farmers but, also, the public in general. The problems are manifold, and they vary not only from one district to another, but from year to year.

Naturally, many readers will disagree with views expressed in this column. We believe that it will be wise to plunge recklessly into controversial problems concerning field crop production; but our courage will fall when economic questions arise. We shall hope to hear from readers who disagree or who may have suggestions to offer.

Two weeks from today a discussion of black point and kernel smudge in wheat will appear. Later, articles will deal with dormancy in seeds, seed treatment problems, fibre flax, etc. We shall also consider the belief that early fall frosts are more likely to occur when the moon is "full" than at other times.

Our address is Agricultural Department, North-West Line Elevators Association, Winnipeg.

National Home Monthly Inaugurate New Service

Relatives and friends of our soldiers and sailors overseas want to the very best they can to see that the boys have a good time at Christmas. They want to send them hampers, but do not know how to go about it. How should they be addressed? What is the limit of weight? What are the transportation costs?

As a public service, the NATIONAL HOME MONTHLY has made necessary arrangements for packing hampers and forwarding them, postpaid, overseas. We invite any of our readers who may be interested to write for further details to: Soldiers' Hampers Department NATIONAL HOME MONTHLY Winnipeg, Man.

New Year Book Just Off The Press

The 1940 Canada Year Book is just off the press and this year contains subjects never before dealt with, such as Canada's War effort.

In the present edition, a complete list of special articles and of significant historical or descriptive text that has not been subject to wide change and is therefore not repeated, is given following the Table of Contents. This list links the 1939 Year Book with its predecessors and indicates the extent to which the "Year Book" must now be regarded as a series of publications rather than as a single volume.

Persons requiring the Year Book may obtain it from the King's Printer, Ottawa, as long as the supply lasts, at the price of \$1.50, which covers merely the cost of paper, printing and binding. By special concession a limited amount of paper bound copies have been set aside for ministers of religion, bona fide students and school teachers, who may obtain copies at the nominal price of 60 cents each.
